

Hitches

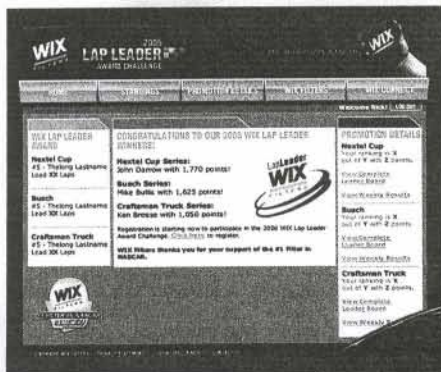

The Couple-Mate® Trailer Hitch Guide from DuraSafe is designed to solve problems for drivers who have trouble backing their vehicle to a trailer. According to the company, Couple-Mate guides the trailer coupler directly over the hitch ball and helps prevent dings and scratches to the tow vehicle. The product is made of double-dipped, zinc-plated steel for durability. Visit www.durasafelocks.com. (262) 544-5615
