Side Vents

AVS Auto Ventshade, Anoka, Minn., introduces universal-fit Side Vents to its popular line of scoops and vents for cars and trucks. Designed to give any vehicle a sleek, high-performance look, the simulated air-intake vents are manufactured from heat-resistant ABS material for durability. Available in chrome or a paintable black finish, they install easily using high-quality tape, and are sold in pairs.

Trailer Hitch Guide

DuraSafe, New Berlin, Wis., presents the Couple-Mate® Trailer Hitch Guide, the perfect problem-solver for people who have trouble backing their vehicle to a trailer. Hooking up to a trailer takes just seconds, saving time and effort. The unit guides the trailer coupler directly over the hitch ball every time, and prevents dings and scratches to the tow vehicle. It is made of double-dipped, zinc-plated steel.

'05-'06 V6 PONY STYLING PACKAGE

"Great products - the fit is perfect!"

John Kremer - Lowes Auto Graphics

"A few years ago we made a decision to stop offering ground effect packages because of poor quality, fit and finish issues. Then we discovered 3dCarbon at the 2005 SEMA show, tried a few kits and are back with products we're proud to offer. Thanks 3dCarbon!"
