

## ▲ SAFETY FIRST

The Trailer Guardian from DuraSafe is a unique safety device that helps prevent accidental trailer decoupling.

- Installs in seconds with a universal application that fits all ball and coupler combinations
- Add security by placing a lock in one of the spring pinholes to secure the trailer to the tow vehicle
- Available in two single-arm models for compact and mid-size cars, trucks and SUVs towing light-to medium-duty trailers; and two dual-arm models for full size trucks and SUVs towing medium-to-heavy-duty trailers

## ▼ TOWING SECURITY

Valley Industries' new double-pivot 5th Wheel hitch is rated for 20,000 and features an innovative wrap-around jaw design to secure the kingpin firmly in place.

- Built-in head jaw lockout eliminates side-to-side motion during highway travel, and an optional glider is available to provide turning clearance for short bed trucks
- With three-position adjustable uprights, setting the ideal hitch height is a cinch
- Special pop-out indicator signals a secure connection and the yoke remains concealed for a tidy, professional appearance
- Baked-on polyester black powder-coat paint stands up to the harshest elements to provide years of rust-proof protection

## ▲ FLOORBOARD PROTECTION

Nifty now offers an innovative one-piece mat in a plush OE nylon carpet — The Catch-All Plus.

- Patented design provides coverage for driver side, passenger side and center
- Available in three colors including tan, gray and black

## ▲ WEATHERING THE ELEMENTS

Covercraft's WeatherShield features a patented immersion encapsulation process using heat and pressure to bond an ultra-thin polymer film around the fabric fibers, as well as a durable breathable barrier within the woven fabric.

- Sheds water as soon as it hits the surface while allowing the material to breathe
- Releases heat and moisture trapped under the cover
- Lightweight for ease of handling and compact
- Average size car cover folds into one-third the space of a nonwoven fabric cover, and depending on the size of the cover, you can clean it in a home washer and dryer

Protects against rain, snow, acid rain, dirt/
