Prevents Hitch Decoupling

.....
DuraSafe, New Berlin, Wis., presents its Trailer Guardian™ safety and security product designed to prevent accidental trailer decoupling. It installs easily in seconds and fits most ball/coupler combinations. An added benefit is the ability to lock and secure the trailer on the tow vehicle by placing a lock in one of the spring pin holes. Trailer Guardian provides towing safety, deters theft and provides peace of mind while trailering.

Hitching System

.....
Hitch Aid, Moore, Okla., presents the Hitch Aid™ hitching system. The product is specifically designed to aid in the hitching process and to improve safety when aligning the hitch and trailer. The Hitch Aid system includes a 7-inch color monitor with built-in wireless receiver; a small, lightweight weather-proof camera designed for use in day or night and capable of 360-degree rotation; and a permanent monitor base and camera bracket. **PRO**
